

UNITE TO ACT ACTIVATION SHOW WHAT YOU UNITE FOR

By sharing how YOU unite to #Act4SDGs with your community, peers, family, and friends you can help drive positive change in your community and around the world. Join us and participate from wherever you are and add your action today on the Global Map of SDG Actions.

1. ORGANIZE A STUNT

Show what YOU unite for and use UNITE TO ACT sign boards or create your own with your own messages and in your own language. See instructions below.

By visually and intentionally connecting the signs together we will highlight the importance of this moment to Unite to Act - we are stronger together, united in action. #Act4SDGs.
